

INFLOW/OUTFLOW TECHNOLOGY

WATERFALL BATH INLET WITH INTEGRATED OVERFLOW

- a special bathing experience thanks to unique water inlet
- undisturbed bathing enjoyment thanks to completely integrated solution
- opens when the water is turned on and creates a steady waterfall effect
- overflow is almost "invisible"
- fulfils the highest design standards
- Inlet fitting not included.
Inlet with 1/2" pipe connection.
- bath waste with click-clack system (push-up valve plug)
- open and close by simply pressing on the valve plug
- Min. drainage capacity of 0.8 l/s acc. to DIN EN 274

CAUTION! Special bath drilling required. For mounting of waterfall bath inlet with integrated overflow, a special bath hole it to be provided, which is already included into the accessory price. Waterfall bath inlet with integrated overflow has to be ordered with the corresponding bath in one step.

**Please notice the positioning of the waterfall inlet.
